

Extenso Seating System

Image shows 4 seat combination

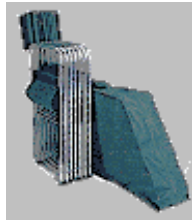

Image shows seats folded and with carry case

Introducing the perfect solution to any temporary seating requirements. Available in 3 and 4 seat combinations, the system offers maximum versatility in seating configurations and sets up easily. The sturdy all aluminium construction and unique concertina design provide problem free opening, arranging, closing, transportation, and storing.

Back and seats are made of durable woven forest green polyester. Special non-tilt design and rust proof telescopic leg action provides for tilt-free, self leveling, and solid seating.

To order quote - 3 seat system; code no.903
 - 4 seat system; code no.904
