

# 24-MAXX Out!

- > **Strong** – 450kgs load capacity and 63cm wide surface provides strength and stability when transporting large, heavy bodies.
- > **Innovative** – Independent-leg design allows the front legs to fold and unfold, while the rear legs (at the user's end) remain engaged, carrying the cot's weight into the vehicle.
- > **Maneuverable** – Utilize the loading wheels and transport the cot in the vertical position through confined spaces or down stairs.

## 24-MAXX

With its unique, independent-leg design, the 24-MAXX transports up to 450 kilograms with less chance of injury.
